

# Paper Windmill

# Paper Windmill

## Instructions

1. Decorate the shape then cut it out.  
(Cut along the dotted lines)
2. Carefully use a pin (or ask an adult) to pierce circle number 1, then fold it over the second triangle and allow the pin to pierce the second circle. And so on, until you create the windmill shape.
3. Add a polystyrene ball to the back of the pin.
4. Push the pin through the ball and attach a straw to it.
5. Your windmill is ready to spin.
