

Accordion Body Tiger

1. Cut everything out.
2. Fold along the dotted lines on the big rectangle. You should have an accordion shape now.
3. Glue one pair of legs at the back of the accordion, and the other pair to the front.
4. Fold along the dotted lines on the paws to make the tiger stand.
5. Fold along the dotted lines on the small rectangle, then glue one side to the front leg and the other to the tiger's head.
6. Glue the tail from the tab.
