

Obon Lantern

Materials needed
Scissors
Glue/ Glue Gun
Thread or Wool
Hole Puncher

1. Draw some Japanese ornaments on the rectangles, then cut them out.
2. Punch some holes along the circles.
3. Bring two rectangles together, and pass a thread through the holes as if you were sewing them together.
4. Do the same with all of the sides until you have a four-sided-lantern.
then use the tabs to create a cuboid.
5. Make a handle for the lantern using a thread.
