

# Rainbow Foldout

How is a

Three horizontal rectangular boxes for writing, stacked vertically in the center of the page.

rainbow made

1. Write about how rainbows are formed in the rectangles.
2. Cut out the items on this page to glue next to the steps.
2. Fold the rainbow rectangles backwards, and the middle section into a W shape.
4. Bring the rainbow halves together then open to reveal the steps you wrote inside.
