

Materials needed

Shaving cream
A large glass
Water
Food colouring
Spoon

Instructions

1. Fill half the glass with water.
2. Spray some shaving cream on top of the water.
3. Use the spoon to spread the shaving cream evenly over the top of the water, until it's flat.
4. Mix 1/2 cup of water with 10 drops of food colouring in a separate container.
5. Gently add the coloured water to the top of the shaving cream.
6. Wait until it gets heavy and watch the storm!

How do storms happen in clouds?
