

DIY Sundial

Final Look

Materials needed

Cardboard
Colours
Pencil
Scissors
Soft clay
Four small stones
Marker

Instructions

- Cut the clock out, decorate it with colours, then glue it to the cardboard.
- Make a small ball out of the clay and place it on the middle circle.
- Push the eraser side of the pencil into the clay, making sure it stays upright.
- Find a flat spot outside that is sunny all day, and place your sundial.
- Secure your sundial with stones on all sides of the cardboard.
- Check the time and mark where the shadow meets the edge of the circle on your sundial.
- Write down the time, and repeat the same process every other hour.
